DMCA COMPLIANCE

We respond to copyright infringement notices according to the **Digital Millennium Copyright Act**. Responses may include removing or disabling access to material claimed to be the subject of infringing activity and/or terminating subscribers. If we remove or disable access in response to such a notice, we will make a good-faith attempt to contact the owner or administrator of the affected site or content so that they may make a counter notification pursuant to sections 512(g)(2) and (3) of that Act. It is our policy to document all notices of alleged infringement on which we act. Please send all written communications relating to copyright issues to:

[brand] ATTN: DMCA Complaints, [address].

Notification Requirements: Your notification must contain substantially all of the following components:

- * A physical or electronic signature of an individual authorized to act on behalf of the proprietor of an exclusive right that is allegedly violated.
- * Detailed identification specifying the location of the copyrighted work that you believe has been infringed (for example, "The copyrighted work at issue is the text that appears on (<https://www.website.com/page.html>)") or other information sufficient to identify the copyrighted creation being infringed. If multiple copyrighted works at a single online platform are encompassed by a single notice, a representative list of those works at that web address.

COUNTER NOTIFICATION

The administrator of an impacted site or the provider of disputed content may submit a counter notification pursuant to sections 512(g)(2) and (3) of the Digital Millennium Copyright Act. Upon our receipt of a valid counter notification, we may restore the material in question.

To lodge a counter notification with us, you must submit a written document (via fax or regular mail — not by email, unless through a prior agreement) that provides the details specified below. Please note that you will be held liable for damages (including legal costs and attorneys' fees) if you materially misrepresent that a product or activity does not infringe the copyrights of others. Consequently, if you are uncertain whether specific material infringes third-party copyrights, we recommend that you first consult an attorney.

To accelerate our ability to process your counter notification, please utilize the following format (including section numbers). Your communication must contain substantially the following items:

- A physical or digital signature of the subscriber.
- Clear identification of the material that was removed or to which access was restricted, alongside the location where the material was displayed before it was deleted or disabled.
- A statement under penalty of perjury that you possess a good faith belief that the material was purged or disabled due to a mistake or misidentification of the material.
- Your legal name, physical address, and telephone number.
- The following exact statement: *"I consent to the jurisdiction of the Federal District Court for the judicial district in which your address is located, (or New Castle County, Delaware if your address is outside of the United States), and that I will accept service of process from the person who provided notification under subsection (c)(1)(C) or an agent of such person."*
